

## Marion, Morrow Reduced Wheat Checks on Way

Distribution Expected Soon  
for 1935 Crop  
Cuts.

Payment of wheat crop reduction benefits to farmers of Marion and Morrow county will be made soon, according to word received by the office of Congressman Brooks Fletcher and County Agent S. J. Anderson today. Mr. Fletcher was notified that checks amounting to approximately \$8,000 have been approved by the federal government and are being sent out to Morrow county officials in charge of the program. There are 197 Morrow county farmers and 324 in Marion county who will share in the benefits.

The checks will be sent to the office of Mr. Anderson in the Marion National bank building for Marion county and to L. D. Rinehart, secretary of the Morrow county wheat program, in Mt. Gilead. Mr. Rinehart said 11 of the claims from there had not been approved because of technicalities.

Figures showing the amount of wheat crop reduction and benefits to be paid in Marion county are not available at present, Mr. Anderson said.

The checks for both counties will be compensation for reduction in acreage planted in the fall of 1935 under the agricultural adjustment administration, now invalidated by the supreme court decision against processing taxes.

Funds for the payment will be derived from general taxation. As a result of the invalidation of the AAA, the government is cancelling the contracts of farmers who signed for the four-year period beginning this fall. Contracts for the 1935 season were not cancelled and payments are being made because the farmers had started fall planting and reduction before the supreme court held the AAA invalid. Future wheat control activities will be taken care of by the federal land conservation program.

## COUGHLIN ANGERED BY NEWS REPORTER

Declares Journalist Interfered  
at Meeting With Rhode  
Island Aids.

BOSTON, Oct. 13.—Rev. Charles E. Coughlin said today he was waiting over in Boston "to get a reporter" who, he claimed, interfered with a meeting between himself and Rhode Island officials of his organizations.

The reporter, John J. Barry of Boston, denying that he had attempted to interfere with the meeting, said he would be "glad" to meet the priest.

Highly excited when he returned here from Providence where the incident occurred, Fr. Coughlin paced the floor of his hotel suite and called Barry an "interloper."

"I was just down there talking to my own people," the priest said. "I told the reporter that that was what it was. Just the same I have a news story. But I'm not going to give it to them."

He pulled a paper from his hip pocket, waved it and shoved it back.

"No I won't give it to them now," he said. "If I see that fellow, I'll tear him to pieces."

## Saturday To Be Tag Day for P.-T. A. Clinic Here

Saturday of this week has been designated as tag day for the support of the free clinic at the City hospital by the Parent Teacher organizations. It was announced today by Mrs. Walter A. Shealy, president of the City P. T. A. council and general chairman for the project.

The money realized on the one day sale which is the second to be sponsored by the P. T. A. groups will be used to carry on the work at the clinic which is supported jointly by the P. T. A. the Young Daughters and the Marion County Federation of Women's clubs.

Assisting Mrs. Shealy as a committee are members of the executive board and presidents of the City units. As the first week in October has been designated as P. T. A. week and the last week of this month educational week it seems fitting to bring this form of child welfare before the citizens of Marion at this time Mrs. Shealy said in discussing the benefit.

Two-thirds of the cases receiving treatment at the clinic are school children who otherwise could not have medical attention explained. The clinic is in charge of Mrs. Florence Coffman who is the only person receiving a salary she pointed out. Members of the P. T. A. and the sponsoring organizations give their services

on the various days of the week. Serving with Mrs. Shealy as officers of the P. T. A. are Mrs. V. H. Barnhill, vice president, Mrs. George G. Heun, recording secretary, Mrs. Ray Williams, corresponding secretary and Mrs. Frank Garfield, treasurer. The officers and Mrs. Francis Hurst, district health chairman and Mrs. W. E. Orcutt, program chairman and Mrs. John M. Quigley, a past president of the City P. T. A. make up the general committee in charge of the tag day.

### TOWNSEND OFFICER WRITES

Editor of The Star—Congressman Fletcher states that he "refuses" to permit his campaign to be financed by passing the hat for collections of nickels, dimes and pennies of the old people and the poor Fletcher admits that he is referring to the collection taken at the Townsend Labor day picnic. He says "money gathered up to finance the campaign of his opponent and the old people are being fooled." As treasurer of the club let me give a statement of the amount of money collected and expended. Collected \$15.05 expenses moving piano \$3 caretaker of pavilion \$2 Rev. Bailey speaker \$5 advertising picnic \$4.20 chair rental 47 cents stamped envelopes 75 cents total expense \$15.42 \$15.05 less \$15.42 leaves \$2.00 with which to finance the campaign of Fletcher's opponent.

Let it be known that we are not allowed to impose any payment of dues on Townsend members and the club must rely on passing the box or hat for dimes, nickels and pennies. These voluntary collections are the only means we have to meet expense of hall rent, advertising literature and expense of speakers which never runs over \$5. At present the treasurer of club No. 1 has the sublime sum of \$1.50 in his possession with which to pay current expenses.

After all is said the one only support we have to carry on is the strong sincere faith in the Townsend plan of the 3000 Marion county Townsend club members. A plan which Fletcher is trying to wreck because he has no plan of his own to offer.

During the past 30 years I have heard men in public life state again and again that the American standard of living (not just existing) requires an income of \$50 per week and over. In Fletcher's case it is probably over 100 cents a week. He does not say how many millions this amounts to. That is a necessary tax paid by the vast army of the common people but a 2% transaction tax paid by the big corporations, the stock and bond brokers paid by those that sell that kind of a tax is all wrong. The 3% sales tax will not be necessary under the Townsend plan.

Fletcher says not a word of the cost of maintaining poor houses, reformatory work house and penitentiaries under our present economic system and which in a great extent will fade out of existence under the Townsend plan. The 2% transaction tax will pass into the channels of trade within 30 days revolving back and forth through the medium of retired 60 year old men and women giving to the younger generation and unemployed the opportunity to step in to active service. Not a word about the destruction of nine million pigs and sheep the plowing under of vast values of which the poor and old are in dire need and to which Fletcher says you're being fooled.

Fletcher talks about dignity and self respect and then stoops down and divides the dimes, nickels and pennies of the aged and the poor given by them for a plan that will monopolize America from economic slavery.

### The Marry-Go-Round BY HELEN ROWLAND

**THE SWEET AND LOWDOWN**  
During courtship we feed each other apple sauce in large quantities after marriage we just dole it out grudgingly as though the doctor had cut it off our diet list.

When a man has to acknowledge that he is actually fond of his mother in law he always acts sheepish and apologetic about it.

There may be a definite marrying age for women but a man feels that anywhere from 20 to 90 he is eligible—and dangerous.

Sincerity is the thing which men claim to admire most in a woman yet the first thing that a young girl is taught in the art of appearing interested in a man who bores her to death.

The less you theorize about it and the harder you work at it the bigger success you will make of your marriage. Grandmother was too busy mending grandfather's socks and concocting his favorite dishes to worry about her matrimonial problems.

To some men the working wife looks like a blessing but lots of them still seem to be filled with doubts and injured vanity when a woman brings home a pay-envelope instead of an incense burner.

Even a sophisticated modern girl has a hopechest, but she is seldom sufficiently optimistic to put in enough compressed Buns to last until her silver wedding.

Economic independence is the average business woman's dream keeping her name on the check and all day and all night.

## Snakes and Skunks in Boy's Queer Menagerie

Snakes and skunks although not considered ideal pets by many persons are among the favorites of Robert Hensch, 13 year old Marion youth whose activities in connection with his study of biology has resulted in one of the largest collections of animals and insects dead and alive in the city.

Robert has only four captive snakes now but last July there were 80 in the snake den in the back yard of the Rausch home at 336 Waterloo street.

Two skunks a crow and several pigeons are among his present menagerie.

Intoxication proved to be the downfall of many of the Marion youth's captives. He explained he occasionally has painted the trunks with a mixture of sugar and beer, waited a short time and then captured the insects that became virtually intoxicated.

Method of Capture  
With snakes and skunks it is a matter of setting poisonous traps or of trapping the birds and

banks of streams until catches are made.

The collection of insects and snails and reptiles came about Robert said through a natural love for the study of biology. He said he hopes some day to devote full time to this kind of work adding he thought serving as an instructor on that subject would be interesting work. He hopes to devote some time to research work eventually.

Robert's yen for collecting extends to almost every animal found in this part of the county. Two opossums four weasels a chipmunk and a skunk have been among his captive pets but he has freed them along with the snakes because it is much trouble and expense to feed them. He said he would have kept the snakes if he had better facilities for handling them. They were kept in a deep pit in the back yard.

Record of Catches  
The youth keeps a log of his activities. He can for example tell you that last July 4 was one of his big days due to the capture of 37 snakes near Marysville.

He hopes by next summer to have permission to set a snake trap in his yard to catch some poisonous snakes. So far he has not had any of that classification.

Robert has several ideas on his mind to remind him that snakes are not just persons. However he is not afraid of them and handles them frequently.

In winter months when the collecting hobby is at a standstill Robert tells his attention to chemistry conducting experiments in a small laboratory he has fitted up in one end of his room.

HOME TO BE PICKED FOR "CHAINED" BOY  
By The Associated Press  
FINDLAY, O., Oct. 13.—A boy, 10-year-old, who was brought to school last week dragging a 15-foot log chain palooked around his neck because he ran away at home had offers today.

Several new homes Probate Judge Paul Caprell said he would decide where to place Bobby as soon as he investigated the offer. He added that charges would be laid against the boy's stepfather, William P. Leith, who he said admitted chaining Bobby to the kitchen stove for a night.

## 20 CCC RECRUITS READY TO ENROLL

Marion Group Will Be Taken to Mansfield Tomorrow

Twenty Marion city and county youths who have filed applications for enrollment in the civilian conservation corps will leave tomorrow morning for Mansfield. All will undergo physical examinations there before being admitted to the CCC.

Of the 20 who have filed applications

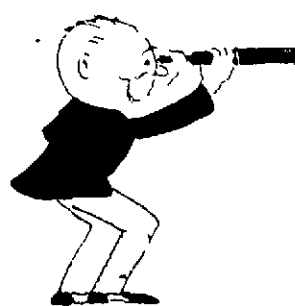

cation five are Negroes. Marion county's quota, originally set for 25, was reduced last week, but a later order informed F. S. Burns, deputy enrolling agent that all available enrolees should be brought to Mansfield tomorrow. The reason Mr. Burns explained is because other counties in this district are apparently falling short of their quotas and additional enlatments will be taken from Marion to replace them. The group which is to enroll tomorrow will leave the courthouse at 7:30 o'clock transportation being furnished by the relief administration. All who are accepted will probably be sent to Ft. Knox, Ky., for a two-week training period before being permanently placed.

# YOUNG DEMOCRATS HEAR CONGRESSMAN

Fletcher Discusses Economic Problems at Meeting in High School

Addressing two groups of young Democrats last night in Central Junior High school auditorium Congressman Brooks Fletcher outlined for reflection economic and business conditions of the nation. Using stereoscopic views to help illustrate his points he discussed causes of depression and what can be done through a revised economic system to prevent their recurrence.

Mr. Fletcher emphasized the need of unemployment insurance and old age pensions and pointed to necessity of an improved system of distribution for the abundant supply of raw material possessed by the country.

The 500 persons at the meeting represented the Roosevelt, F. D. Roosevelt club and the Young Victoria Democrats club. Theodore B. Ochs presided as chairman and in returned Mr. Fletcher. Mrs. Fletcher contributed a number of vocal selections. She was introduced by David Morgan, president of the Younger Democrats group.

Before Mr. Fletcher took the stage, a statement in which he denied recent charges made by Grant F. Mowbray Jr. Republican candidate for congress. He denied that he had been using the name of the congressman to promote his campaign and declared that the two exhibited by Mowbray could only have left the congressional office through an error on the part of an office employee.

In regard to Mowbray's charge that

Mr. Fletcher placed Mrs. Fletcher on the government payroll Mr. Fletcher said that for a time he had been a congressional employee, but his wife did not work as his secretary but that in recent years she had worked with him by side with her husband without any compensation whatever.

## BUCYRUS MOTORIST KILLS COW HERE

Dr. C. A. Ross' Machine Strikes Animal That Wandered from Herd

A cow one of a herd of seven which wandered from a pasture near the north city limits last night was killed when it was struck by an automobile driven by Dr. C. A. Ross 55 of Bucyrus.

The accident occurred about 10:15 o'clock. Dr. Ross was returning home from Urbana and was northbound. He said the cow walked onto the highway from the west side of the road and that he was unable to avoid hitting the animal. The animal was killed by the radiator lights and front fenders. It was taken to Nick's Super Service garage nearby and to Bucyrus today. The animal was owned by Alton Hart of 24 Copeland avenue. It was reported it was valued at about \$75.

## MARION'S TRAFFIC CLASS UNDER WAY

Continued from Page One

submitting problems to the instructor and by enrolling the student in the class.

## Instructors in Alternate

The course will consist of three phases although many drivers may wish to attend a few times. Chief Marks, Mr. Kratzer and Mr. Bald will alternate as instructors every third Monday night. Next week Chief Marks will be in charge and the following week Mr. Baldwin will speak and also show safety motion pictures. Mr. Kratzer said that at the third meeting on Nov. 2 he will be assisted by a high ranking officer in the state patrol if possible. Col. Lynn Black will be the speaker.

The class was conducted informally with members of the audience presenting problems to Mr. Kratzer and Chief Marks in rapid order. Each question was treated exhaustively until everyone in the room was sure of the answer. It was a mix school children present. Copies of the state traffic code were distributed and were referred to from time to time as questions arose.

Among the mass of fact and custom brought out in the discussion were the following:

Marion is one of very few in the state in which many streets are dead headed at one or both ends a fact that contributes a large part to the present traffic problems here. Remedies would be the extension of Columbus street through to Mt. Vernon a virtually impossible task, routing of all trucks going north and south to State street instead of Main or Prospect, extension of Main street to Leader street, local trucks now using Center street.

That many drivers according to surveys by police here simply ride around and around the streets of the business section and pass a given point as often as on every three minutes thus causing needless congestion.

That it is possible to make more than one light in succession here by traveling from 20th mile an hour.

That pedestrians are governed by the same laws as drivers in regard to stop lights and that police would appreciate peeping it up as soon as the light is favorable.

That Marion's staggered system of lights is best suited for its problems while a system of lights flashing alternately would increase congestion.

Mr. Roby explained that Judge Martin plans to defer sentence on violators in his court and advise them to attend the school. If at the end of a month the driver has attended the three lessons a mild sentence will be forthcoming. Mr. Roby said if the driver fails to attend the classes the penalty will be more severe.

Persons attending the class were asked to give their names to the school officials and to indicate whether they would be able to attend the course.

The committee in charge of the school is composed of Ted Brownlee, Harry McCollis, R. N. Heininger, George Alber, Fred Heimerman III and Arthur O. Keefe.

# QUICK! STOP THAT COLD IN THE DRY OR FIRST STAGE!

A cold ordinarily goes through three stages. The Dry Stage the first 24 hours, the Watery Secretion Stage from 1 to 3 days, and the Mucous Secretion Stage.

A cold is twice as easily stopped in the first as in the second or third stages. In fact to let a cold run beyond the first stage is in viting trouble.

## Expressly for Colds!

As your doctor will tell you there is nothing better you can take for a cold than Grove's Laxative Bromo Quinine.

It is expressly a cold tablet and not a cure-all. It is internal treatment which a cold requires. It does four important things: First, it opens the bowels. Second, it checks the infection in the system. Third, it relieves the headache and fever. Fourth, it tones the system and helps fortify against further attack.

That's the fourfold treatment you want and in Bromo Quinine you get it in the form of a single tablet. Bromo Quinine tablets now come sugar coated as well as plain. The sugar coated are exactly the same as the regular, except that the tablets are coated with sugar for palatability.

## Don't Delay!

When a cold threatens, don't compromise, don't delay. Go right to your drugstore for a package of Grove's Laxative Bromo Quinine. Start taking the tablets immediately, two every four hours. Used promptly, Bromo Quinine will usually break up a cold in 24 hours.

Ask your druggist firmly for Grove's Laxative Bromo Quinine tablets and don't be talked into accepting a substitute. The few pennies cost may save you much worry and much expense.

MRS. MINNIE KEELER  
STRICKEN SUDDENLY

Oak Grove Avenue Resident  
Dies After Heart Attack  
at 1 P. M.

Mrs. Minnie Drollinger Keeler, 63,  
a native of Green Camp township  
died suddenly of a heart attack to-  
day at 1 p. m. at her home, 78  
Oak Grove avenue. She was  
ill only a few hours.  
Surviving are the husband, J. J.  
Keeler, two sons by a former mar-  
riage, Naval Van Burckirk of 383  
Lebanon street and Milton Van Bur-  
kirk of Lebanon Pa., a grand-  
daughter, Mrs. Ralph Young of  
Marion. Two brothers, John of Kir-  
kton and Frank of Green Camp, and  
three sisters, Mrs. Sophia Bult and  
Mrs. Maggie Barrett of Marion and  
Mrs. Kate Manley of Richmond.  
Mrs. Keeler was born Oct. 13,  
1872, daughter of Samuel and Mir-  
nie Jacobs Drollinger natives of  
Germany.

LEADERS TO REPORT  
ON DRIVE WORKERS

Names of Team Members in  
Y M C A Campaign To  
Be Announced Tonight

Initiatives of teams to carry  
on the 1936 financial drive of the  
Y M C A will be reported on at a  
meeting of captains and division  
leaders tonight at the Y.  
George Martin, the campaign di-  
rector who has devoted the last 15  
years to Y M C A work through-  
out the country, is arranging for  
the opening of the 1936 Olympic  
Aquatic Championship at a in-  
ner meeting of all workers next  
Monday night at 8 at the Y.  
A feature of the dinner will be  
a Parade of Athletics, in which  
will march boys and girls from  
virtually all of the 185 activities  
the Y has sponsored in the last  
year. Clarence Lenz is in charge  
of the parade.  
G. P. Holland for many years  
membership chairman of the Fort  
Wayne Ind. Y M C A will be  
the speaker.  
Workers will receive final in-  
structions and immediately after  
the dinner will start the campaign.  
Report dinners will be served  
each night at 6 through Friday  
the night set for the final report.  
In the meantime the advance  
gifts and out of town corporation  
committees are working under the  
direction of F. J. Schoenbaum and  
expect to have the bulk of their  
canvassing completed by the last  
of this week.

NYA DIVISIONS  
HOLD MEETING

Members of the Acc Hi and  
Hub 3 divisions of the NYA orga-  
nization met at the Y M C A last  
night. A play written by one of  
the group was presented by a cast  
which included Jerry Brunson,  
Elizabeth Fox, Ida Brunson, Ann  
Nicolosi, Dorothy Barry, Victor  
Augenbaugh, Jack Robbins, Harry  
Reynolds and Charles Turner.  
Thomas Finch, emergency school  
instructor of music spoke briefly  
and outlined a plan which to offer  
musical instruction to grade school  
pupils through the NYA organiza-  
tion. Plans were discussed for a  
Halloween party to be held at the  
Y later this month.

KING'S DAUGHTERS  
CIRCLE ENTERTAINED

The Circle of Light King's  
Daughters met yesterday at the  
home of Mrs. Helen Meredith of  
Spencer street with 24 members  
present. The meeting was opened  
with singing and devotionals after  
which plans were discussed for  
raising funds for the coming year.  
The entertainment included a story  
read by Mrs. Helen Meredith and  
a collection of songs by the mem-  
bers. The meeting closed with  
prayers and a collection of songs.  
The next meeting will be held at  
the home of Mrs. Helen Meredith  
on Wednesday, Oct. 20, at 8 p. m.

BUCYRUS TRAFFIC  
ISSUE COMPROMISED

Special to The Star  
BUCYRUS Oct. 13—Com-  
promising of the parking issue  
of the traffic commission agreed  
to change the 45 degree angle of  
parking on Sandusky avenue to  
30 degrees instead of adopting  
the parallel method of parking.  
The compromise was reached at  
a meeting of merchants and traf-  
fic commission members Monday  
in connection with the order is  
not last week that parallel park-  
ing be adopted.  
Merchants opposed the parallel  
method of parking, on the grounds  
that insufficient parking space is  
provided for the order. Service Director R. L.  
Heilner explained that the state  
highway department would con-  
sider resurfacing of the street or if  
it three lane traffic was provided.

ANNUAL SURVEY  
NEARS COMPLETION

Marion's annual fire inspection  
began each year during the observ-  
ance of fire prevention week was  
to be completed this afternoon or  
early tomorrow when firemen com-  
plete their survey of the city's  
schools. The first tour of the up-  
town district was completed last  
week and more than 50 cars of ex-  
isting fire hazards were reported.  
Chief T. J. McFarland said  
"Factories in the city are all up  
to or above par in eliminating fire  
hazards the firemen found during  
a tour of the plants completed yes-  
terday. Chief McFarland said the  
program of inspection will include  
a check of the uptown district in  
the near future, he said.

## HURT IN FALL

Mrs. Lucinda Cleason of Four-  
tain street suffered a fractured left  
wrist when she stumbled and fell  
last night at her home. The frac-  
ture was reported in an X-ray ex-  
amination at the office of Dr. A. A.  
Shorner.
